

BEEd IVth year

OP 4.3 Pedagogy of Natural Science

Reading: Teaching of Science, Position Paper, NCERT

Shared on 16 March, 2020

Key Points to be discussed in the next Zoom Class

The following are the discussion points to be kept in mind :

1. Aims of Science Education and organisation of curriculum at different stages, with a special focus on upper primary classes (p11 - 15)
2. Issues and concerns of science teaching at school level with special focus on infrastructure in school labs library and ICT, syllabus and textbooks, and examinations (pp 17 to 27)
3. Concerns of Equity and gender in science education
4. Relevance of Recommendations in science education for today's context.
