OUR UNDERSTANDING AND SEX WORKER?: THE QUESTION OF ENGAGEMENT-The session was conducted on 9th February 2022 with an objective to orient our social work students about the lives of Sex workers and the concerns about their social exclusion in India. The Resource person for this session was Ms. Naseema Khatoon who is the President and Founder of Parcham Foundation and also the editor of Jugnu - A Magazine for marginalized sections of society. Around 131 students attended the session and developed an understanding about the human rights of sex workers and the need of social work professionals to engage with them sensitively. The session was inaugurated by Prof. Mamta Sharma and was opened with the insightful remarks of Prof. Beena Antony Reji. The valedictory remarks were shared by Dr Seema Rani and the session was coordinated through Dr Mali Devi Sawariya. Overall, this session was enriched with inclusive orientation and critical social work with the marginalized sections. The major specific learning for students and outcomes from the session was that they understood the reality from the grass root level, discrimination with sex workers and their family, mental state of a child who lived in a particular area and the restriction they faced by their family or society how people judge them on the basis of their area. We as a social worker should take a step towards the well being of sex worker or empower them, and we must aware ourselves about their lives and human rights through more such sessions.
