Report of the Event

Event: Motivational Session on ‘Public Speaking, Presentation Skills & Redefining Aptitude’

Date: 17th March 2023

Venue: Conference Centre, University of Delhi

Time: 10 am onwards

Under the flagship of the Culture Council University of Delhi, Aditi Mahavidyalaya Cultural Committee organised a stimulating and thought provoking, interactive session on **‘Public Speaking, Presentation Skills & Redefining Aptitude’** in association with LFA (Learning from Ant) foundation. The event organised on 17th March 2023 at the Conference Centre, University of Delhi witnessed overwhelming response from the students of the college. The chief guest Shri Anoop Lather, Chairperson, Steering Committee, Culture Council and PRO, University of Delhi graced the function and shared his words of wisdom with students bursting with energy and enthusiasm. The Chairman of the college Prof. Ravinder Kumar, Dean Culture Council, University of Delhi, and the dynamic principal Prof. Mamta Sharma facilitated the entire event that left the audience mesmerized. The speaker for the day Mr. Anurag Sharma founder LFA engaged the young minds with his motivational and interactive session. He unlocked the mantra of corporate success through his session on ‘Public Speaking, Presentation Skills and Redefining Aptitude.’ He offered valuable insights on public speaking, confidence building and the impact of low confidence on the work-life of an individual. He further elaborated on the need to work on self-awareness and the compulsion of the corporate world to have soft skills to climb the ladder of success. He guided the students on how a mastery over soft skills can unlock the doors for their strategic growth and will make them ready for various future opportunities. The interactive mode of communicating with the students left them mesmerised and there was active participation through question answer session wherein the resource person patiently answered all the queries. The applause towards the end was a clear indication of an event well organised. The session ended with promise of return for more such hands-on learning platforms to enrich the essence of skill-based learning targeted under the National Education Policy.
