

Aditi Mahavidyalaya, University of Delhi

Applications are Invited for Evaluators for:-

Name of the project: Saksham Pramaan – Targeted Interventions and Link Worker Scheme Evaluation for National AIDS Control Programme (NACP)

Project details:

India is committed to 'ending the AIDS' epidemic as a public health threat by 2030 in line with Sustainable Development Goals (SDG). National Strategic Plan (NSP) has a vision to realize the 'Three Zeros' - zero new infections, zero AIDS-related deaths and zero discrimination.

First Priority of the NSP 2017-24 is to accelerate HIV prevention in 'at risk' population including 'key population'. There is a need to evaluate the targeted interventions keeping in mind the priorities and strategies of National Strategic Plan (NSP). This calls for capacity building of the evaluators in recently revised formats for TI and LWS evaluation.

Aditi Mahavidyalaya, University of Delhi (SSR) in coordination with TISS under NACP will undertake annual evaluation of Targeted Intervention (TI) and Link Workers Scheme (LWS). The TIs reach out to the key High-Risk groups (HRGs) such as Female Sex Workers (FSW), Male having Sex with Male (MSM), Transgender/Hijra (TG), Injecting Drug Users (IDUs) and Bridge Populations such as Migrants and Long-Distance Truckers. Link Worker Scheme (LWS) reach out to HRGs, Bridge Population, Vulnerable Population residing in the rural areas. Together, there are about 1600 TI and LWS 30 catering to more than one million core group and about six million among bridge populations.

The end term evaluation carried out by the State AIDS Control Societies (SACS) and National AIDS Control Organisation (NACO) aims to assess the quality and performance of TI projects implemented by NGOs/CBOs. This process, based on various parameters, will determine the continuation or discontinuation of individual TIs in the state. Usually, TIs have been evaluated once in two years, i.e. during 21st or 22nd month. For the newly recruited TIs (base year 2019-2020), the first evaluation will be conducted during 32nd and 33rd month of the project period.

This year at National level, TISS will lead the evaluations with partner institutes at state level in coordination with SACS and NACO TI division.

Objectives of the evaluation:

1. To assess the performance of TIs in terms of gaps between planned targets and actual achievements.
2. To assess component-specific quality of TI.
3. To assess knowledge level, condom use, health seeking behaviours.
