We endeavour to inspire and empower our students to be life long learners, critic thinkers and productive members of an ever-changing global society. Dear students, education is not an act of acquiring knowledge but learning a skill to lead life and forming one’s personality. From academics to co-curricular activities, perseverance and a never – say – die spirit should be entrenched in your hearts which don’t only make you a better student but a brilliant human being also. As a principal of this institution, I ensure that our students graduate with the skills, mind sets and qualities that will best equip them for success. At last, I acknowledge with pride the efforts and team work of all the professor, students and parents.

Message from Teacher-In-Charge

Prof. Bhawna Rajput

“Learning continually. There always 'one more thing' to learn.”

We describe ourselves as a learning community because we believe that we are all learners- teachers, students and parents. Be a dreamer and a performer, never be taken away either by sense of defeat or victory. Try to be honest at all costs and learn the great act of humanity. Do not surrender or become a slave to youthful fancies & indulgences. Dear Students, a desire can change nothing, a decision can change something, but a determination can change everything. We may forget so many things that we learn, but while learning let us not forget that we also build something, our Personality and Character. Students, participate almost in every activity of college. Learn to take pressure of all kind of competition. The future belongs to you & make your future bright. Moreover, I take this opportunity to extend thanks to the Teaching staff and Non Teaching staff of the college without whose assistance this job was almost impossible and above all I congratulate my students who do there best to make college and there parents proud.

STUDENT'S CORNER

A leader is the one who brings simplicity out of clutter, harmony out of discord and opportunity out of difficulty. Being the president of Kaizen - The Commerce Association of Aditi Mahavidyalaya, I feel it's not about being better than anyone else but it's about winning the trust of the student body and to organise and represent them with honesty and enthusiasm. I was like a small bird reluctant to fly in the wide sky but my teacher gave me wings to fly even higher.

Ms. Snehal Jain
(President)

Ms. Khushi Bajaj
(Vice President)

Coming together is a beginning, keeping together is progress and working together is success. This quote always inspires me to perform my duties as vice president with diligence and unity. Hence, I urge all the additions to work in union to keep our college reputation high up in the sky, mounted with love, hoisted with dignity and fluttering with grace. Let's surpass our limits right here and right now and bearing the college spirit of Aditi Mahavidyalaya raise the college crest to a new zenith of excellence and brilliance.
