

Debate competition on the topic of "Nature Friendly Lifestyle: Need of the Hour"

Debating society of Aditi mahavidyalaya organised an incredibly successful debate competition on the topic of "Nature Friendly Lifestyle: Need of the Hour" on 28th April 2023 in Hindi and English language. It was an absolute pleasure to witness the level of passion and dedication that our participants put into this event.

The topic of the debate could not be more relevant in today's world, and we were thrilled to see our debaters take on the issue with such enthusiasm and thoughtfulness.

We are also grateful to our principal ma'am for her support in making this event possible. A huge thank to all the participants for their outstanding performances, and to our esteemed judges for their valuable insights and convenor of the society Dr. Abhilasha Bajaj.

Debating society would like to give special mention to student coordinator Priyanka Tripathi for hosting the program.

Once again, thank you to everyone who made this event such a tremendous success. We look forward to more such meaningful events in the future!
