# Saksham Pravaah

Saksham, which means "becoming capable" is an initiative of the Tata Institute of Social Sciences that has been supported by the Global Fund since 2008 to help the Ministry of Health and Family Welfare (MoHFW) to combat Tuberculosis. The nation's psychosocial support programme for Tuberculosis (TB) has been created by Saksham. It is the only Global Fund initiative worldwide overseen by a prominent national academic institution. The Program is funded by the GFATM (Global Fund for AIDS, Tuberculosis and Malaria)

With regard to the social determinants of tuberculosis, such as stigma, poverty, malnutrition, and lack of awareness, Saksham Pravaah has demonstrated the necessity of moving beyond the "bio-medical, disease control" approach. By addressing gender disparity and including psychosocial TB counselling in the government's tuberculosis control programme, the National TB End Strategy will move forward by 2025. The initiative was first introduced and implemented in the district TB Centres of four states—Maharashtra, Gujarat, Karnataka, and Rajasthan.

The National TB Elimination Programme (NTEP) where the counsellors of Saksham Pravaah collaborate to ensure patient adherence to treatment and less fallout.

TB is a disease of poverty and financial constraints which can make treatment adherence challenging. One of the major goals of the Saksham Pravaah is to connect counsellor's to patient's to the services available from Government of India. Social Protection Schemes which in order to reduce the catastrophic burden of tuberculosis and increase treatment adherence and completion of the medicine course play's a very pivotal component. Saksham has now spread national wings and it has become a country driven motive towards the elimination of the dreadful disease.

**Objective-** Saksham Pravaah is a project where a pool of Master Trainer's will undertake cascade training for frontline NTEP (National TB Elimination Programme) staff on counselling soft skills through the STDC'S of the respective States on how to deal with the psycho social aspects of Tuberculosis.

## Role of Aditi Mahavidyalaya-

In Saksham Pravaah Project (2021-2024), Aditi Mahavidyalaya University of Delhi in the North Region of the country is working in collaboration with CTD( Central Tuberculosis Division ) Ministry of Health and Family Welfare ,TISS (Tata Institute of Social Sciences) and STDC ( State TB Training and Determination Centre) in 8 States/UTs in the North India

(Delhi, Uttar Pradesh, Jammu-Kashmir Ladakh, Himanchal Pradesh, Uttarakhand, Punjab, Haryana and Chandigarh )

The pool of Master Trainer's who will trained will be providing training to create sustainability in the approach of counselling towards people living with Tuberculosis.

Aditi Mahavidyalaya in partnership with TISS has conducted 4 National Tot's (Training of the Trainer's) in the North Region of India. The total number of Master Trainer's trained in Counselling Soft Skills is 110.

The drive for the elimination of tuberculosis is at its stride towards the cause.

Aditi Mahavidyalaya Project Saksham Pravaah team led by Faculty In-charge Prof. (Dr.) Beena Antony Reji at National Training of Trainers in Delhi University along with Central TB Division Officials and Principal of Aditi Mahavidyalaya
