

## Activity report for FY 2021-22

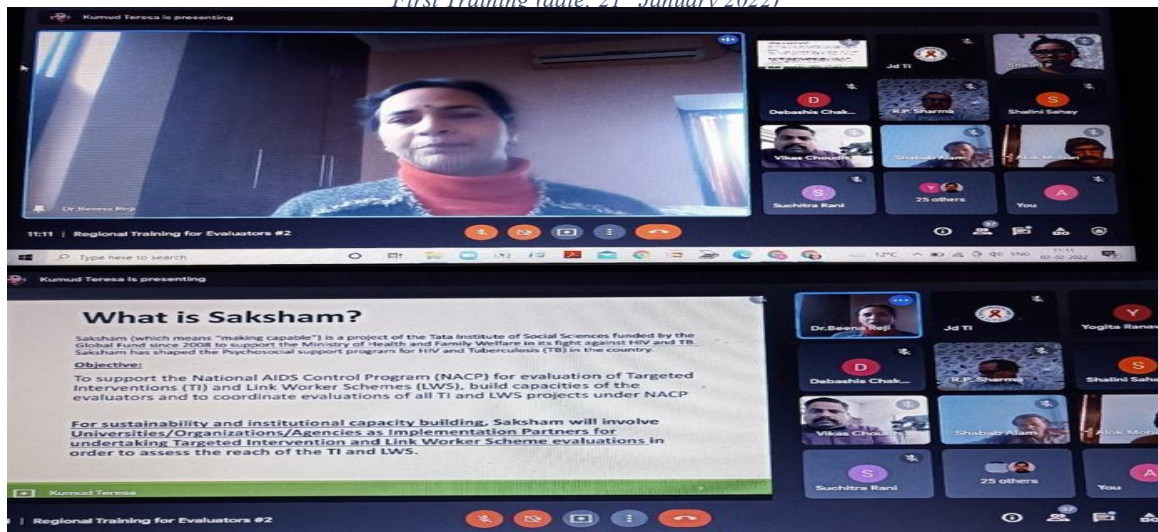

### Empanelment of TI/LWS Evaluators:

Aditi Mahavidyalaya started the empanelment of the evaluators and their capacity building before they conduct forthcoming TI/LWS evaluations in northern states of India. Over 300 applications were received for the empanelment of the evaluators. Among these 118 participants were scrutinised and invited for participation in the training. The training was conducted for two categories of evaluator's i.e. **Program evaluators** and **Finance evaluators**. Due to COVID the training activities has been completed through online mode in three batches started from January 2022 to March 2022. The selected evaluators has been participated in the training to enhance their capacity to conduct evaluations of TI/LWS in northern states of India i.e. New Delhi, Uttar Pradesh, Haryana, Punjab, Chandigarh, Utrakhnad, Himachal Pradesh and Jammu and Kashmir region.

The training was conducted for 2 full days for each batch and lectures were provided with interactive discussion with participants and resource persons **Prof Beena A Reji (Principal Investigator (PI)/Faculty in charge (FIC)**, **Dr Meenu Singh (Joint Director-Punjab SACS)**, **Mr Manish Kumar & Mr Sewanand Vats (TSU, Punjab, Haryana & Chandigarh SACS)** and **Mr Sandeep Mittal (Deputy Director- Chandigarh SACS)**.

### **Planning for TI/LWS evaluation with SACS 2021-22:**

The NACP guidelines direct every SACS to proceed with evaluations of every empanelled TI and LWS receiving funds from the NACO. Saksham Pramaan of Aditi Mahavidyalaya coordinates with SACS for planning and preparing the evaluation calendar. Each SACS conducts briefing meetings and debriefing meetings. However, due to COVID restrictions, some states avoided having briefing meetings in FY 2021-22 and conducted online/telephonic meetings instead. The Delhi evaluation briefing meeting was done online and attended by Saksham Pramaan of Aditi Mahavidyalaya, DSACS officials and selected evaluators. The Punjab SACS briefed evaluation details to the selected evaluators individually through telephonic conversations. Similarly, Chandigarh, Himachal Pradesh, Jammu Kashmir and Uttarakhand had online briefing meetings. However, Uttar Pradesh had an offline meeting at Lucknow for a briefing session before the evaluation started.

The Debriefing meeting was conducted to give evaluation results to NGOs. It is an important event when the program head of the TI/LWS NGO and SACS officials listen to evaluators' observations and suggestions for the evaluated NGOs. Total 222 TI/LWS projects have been evaluated in this timeframe.

### **Visit of TI/LWS Project:**

With the training of selected evaluators for TI/LWS evaluation, Saksham Pramaan, Aditi Mahavidyalaya also participated in the field visit of targeted intervention projects. Aditi Mahavidyalaya always encourages their staff for the visit of Target Intervention projects during or after evaluation to understand and provide technical support to the target intervention. The first project visit was conducted by the team of Saksham Pramaan, Aditi Mahavidyalaya in January 2022 in New Delhi and continued the visit to other intervention states of the Northern Region.

*Ms Cynthia Gomes (former RC) and Ms Mansi Sharma with YTTS Staff [Chandigarh]*

The evaluations and visit of TI projects were conducted in Jammu Kashmir and Leh in the months of March and April 2022. Prof Beena had visited 2 NGOs for monitoring purposes of the migrant TI project situated at Leh, Ladakh UT.

*Prof Beena A. Roji evaluation monitoring visit to migrant TI in Leh*

Field Monitoring visits during the evaluations in the states are one of the important parts of project work. The Faculty in charge and Regional Coordinators are required to visit each state during evaluations for close monitoring visits. There were 10 NGOs visited during FY 2021-22.
