Respected Sir

Greetings

Hope this finds you in good health.

I am sending this email on behalf of Department of Elementary Education, Aditi Mahavidyalaya, University of Delhi. Our college is running a four year programme in Elementary Education (B.El.Ed.) since almost two decades. As an integral part of the course our third year female students are required to visit a centre following innovative/ alternate practices in primary/elementary education.

With reference to the same we would like to visit and observe teaching learning process at nature school in Orissa through virtual mode in December, 2021/ January 2022. Also, we would like an online interaction with our students in terms of talk/ workshop/discussion/ document screening /any format of your choice for better understanding.

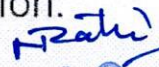

So here I'm requesting you to kindly check the possibility and allow us for the same and share your programmes with us.

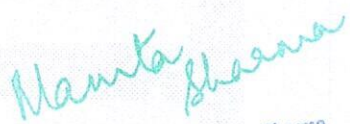

We look forward to a successful visit to your esteemed organization.
