Jeevan Rakshika

Together We Can Overcome

A call for plasma donations for those in need.

The Covid-19 outbreak and subsequent quarantine of communities has caused many households to lose their livelihood and income.

5. LAUNCH OF OUR VACCINATION DRIVE & VACCINATION GUIDE :

We have also launched our vaccination guide during our awareness session with Dr Mukesh Parmar on 'Breaking The Myths: Vaccination and it's Relevance' in collaboration with Dreamland Society. Our guide comprises of all the questions that any individual can have

Jeevan Rakshika Anti-Covid Helpline

IS AT-HOME SPECIMEN COLLECTION AND TESTING AVAILABLE FOR COVID-19? **YES**

- Self-tests are performed by an individual at home or anywhere.
- All instructions for performing the test must be followed.
- If an individual tests positive, they should isolate and inform any close contacts.

If you need to be tested for COVID-19 and can't get tested by a healthcare provider, you can consider using either a self-collection kit or a self-test that can be performed at home or anywhere else. Sometimes a self-test is also called a "home test" or an "at-home test."

For more information, visit www.cdc.gov

Green Initiatives

In this unprecedented covid 19 situation what we are witnessing is exceptional. On one hand the rate of infection is rising on the other hand whatever the health care infrastructure be, it is always going to be insufficient for the ever-increasing demand for oxygen, medicine, beds, space, and everything that is needed. In this general doom and gloom, we still need hope. Maybe it's time for human infrastructure to work. It's time for people to come together to tackle this pandemic situation and to protect each other. In a human crisis humanity always rises.

In this given scenario, the objective of 'this' initiative is to make people aware about the importance and significance of plasma treatment. On how this pandemic can be defeated by better planning and better utilization of existing human infrastructure with 'volunteerism' as its core in reaching out to our needy social world. With this objective into consideration and practice, VOICES began its very first endeavour in the form of **JEEVAN RAKSHIKA: ANTI - COVID HELPLINE** with a force of around thirty two student volunteers and representatives from our college across disciplines who were ready to dedicate their time and efforts through 'digital coordination' in matching lead availability with the needs of the people, survivors and families
