Garden Committee Report

The year started with Shatabdi Vriksharopan 2022 (Centenary plantation celebration) on 10 August 2022 in the college. Principal Ma'am planted a tree to mark the Centenary Celebration of the University of Delhi.

A two-day workshop was organised on "Best out of Waste" by an expert for interested students of the college. They created garden-related accessories and decorations using bio-degradable waste items into reusable utility goods such as planters etc.

Garden Committee showcased students' creativity in the 65th Annual Flower show "Pushpotsava 2023" through an exhibition and a small sale counter at Gautam Buddha Centenary Garden, University of Delhi on 02 March 2023. For the natural waste management system, Compost making unit was restarted by using composting enzymes. Environment waste such as dry leaves was used. It will help in keeping the college premises clean as well as produce natural manure for the garden.

Employees who retired during this session planted saplings on the day of their retirement.

Meeting held on July 22' 2019
in the staff room.

Agenda: Regarding Vanara Vriksharop.
