

NOTICE

TICs are requested to give the name of **Media Coordinator for your respective department/society/committee** under the aegis of the **Media Committee** of the college. The coordinator will be responsible for sending details of all the events and activities conducted by your department/society/committee/cell to the college at the email id mediacommittee@aditi.du.ac.in for uploading on our social media platforms.

Please find below the details required:

- 1. Poster of the Event (if applicable)**
- 2. Minimum 5 pictures of the Event**
- 3. A one-paragraph write-up of the Event**

The pictures/videos/poster of the event must be submitted on the same day of the event. The report of the event must be submitted within two days of the event. The format for the report is attached for your convenience.

Please find below the links to our social media handles.

Overall Coordinator: Dr. Ritu Khatri

Facebook Co-ordinator: Ms. Lovely Chauhan

The concept of "Best from Waste" is closely related to the Sustainable Development Goal (SDG) 12: Responsible Consumption and Production. This SDG aims to promote efficient use of resources, reduce waste generation, and encourage sustainable lifestyles and practices. The "Best from Waste" concept encourages reusing and repurposing waste materials to create new products or energy, which can help reduce waste and contribute to more sustainable production and consumption patterns.

International Transgender Day of Visibility (TDOV) occurs every year on March 31st. This day is dedicated to celebrating transgender people, their contributions to society and raising awareness of discrimination faced by transgender people worldwide.

The day was founded by US transgender activist Rachel Crandall of Michigan in 2009 as a reaction to the lack of recognition of transgender people, and citing the frustration that the only well-known transgender-centered day was the Transgender Day of Remembrance which mourned the murders of transgender people, but did not acknowledge and celebrate living members of the transgender community.

ncc_amv Jai Hind!

Diwali celebrations can be made different this year by making choices that are environment-friendly.

AMV NCC with NSS initiated an Eco Friendly Diwali Handmade Handicrafts for to be donated in old age home with a personal touch.

The traditional method of using diyas to illuminate the house is an excellent eco-friendly choice. Electricity is expensive and saving energy is a great way to contribute to the environment.
