Academic & Administrative Audit Format

Assessment of Feedback from stakeholders

Stakeholder	Feedback (Yes/ No)	Observations / suggestions (2018- 2019)	Action Taken (2018-2019)
Students	YES	<ul style="list-style-type: none"> Students showed concern towards providing more and more placement opportunities in the college. As per the students more books should be made available in library. There should increase in infrastructure and books in library. Students asked for more support from the college administration in the conduct of routine tasks as well as for specialized cases of documentation. Another major concern was for timetable. Timetables need to be better planned in some cases so that there are no long gaps between classes. 	<ul style="list-style-type: none"> The Placement Cell of the college works constantly throughout the year to provide variety of opportunities to the students. Student's concerns have been shared with the relevant authority for consideration and appropriate action. The placement cell keeps on organizing various webinars and workshop to guide students for career opportunities. The strength of the students getting registered with the 'Central Placement Cell (CPC)' of University of Delhi was relatively high in the current year. Library already has wide collection of books. Library automation is also in process. The library authorities were informed about the students concerns for appropriate action. These concerns have been shared with the relevant authority for consideration and appropriate action. Timetables are framed keeping in mind the availability of rooms, ideal timings for faculty and students. Due to the huge amount of interdisciplinary engagement that takes place, a fragile equilibrium is endeavored. These concerns have been shared with the relevant authority for appropriate action.
Alumni	YES	<ul style="list-style-type: none"> One of the main concern of respondents was about college job placement. More focus should be given to the exposure of students. The college need to impart practical knowledge as well along with the theoretical one... So that it could help the students to amalgamate 	<ul style="list-style-type: none"> The Placement Cell and Departments are conducting counselling sessions, talks, and seminars for students time to time so that students have greater clarity on their career options. The Placement Cell was also recommended to be more approachable to students' need and make students more aware about activities they organize for their placements through numerous mediums. The Primary goal of practice is to promote all-round holistic growth of students to develop them into leaders and visionaries of

In this unprecedented covid 19 situation what we are witnessing is exceptional. On one hand the rate of infection is rising on the other hand whatever the health care infrastructure be, it is always going to be insufficient for the ever-increasing demand for oxygen, medicine, beds, space, and everything that is needed. In this general doom and gloom, we still need hope. Maybe it's time for human infrastructure to work. It's time for people to come together to tackle this pandemic situation and to protect each other. In a human crisis humanity always rises.

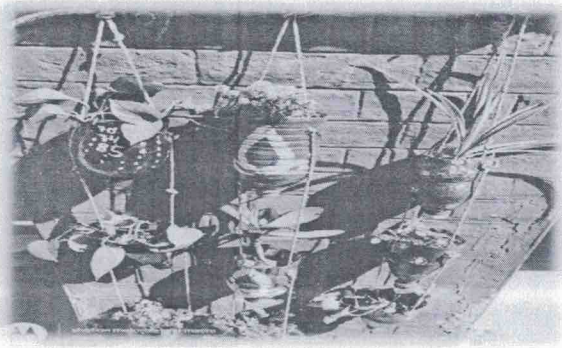

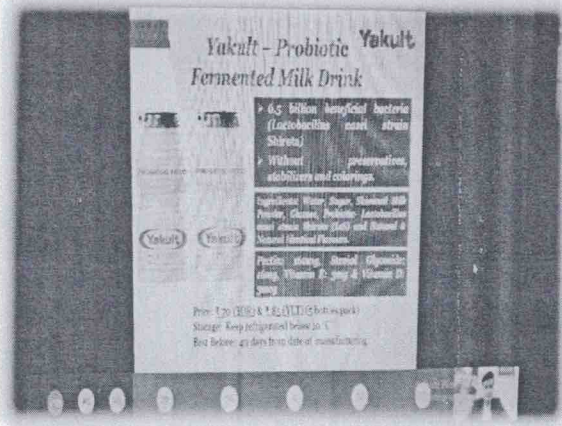

In this given scenario, the objective of 'this' initiative is to make people aware about the importance and significance of plasma treatment. On how this pandemic can be defeated by better planning and better utilization of existing human infrastructure with 'volunteerism' as its core in reaching out to our needy social world. With this objective into consideration and practice, VOICES began its very first endeavor in the form of JEEVAN RAKSHIKA: ANTI - COVID HELPLINE with a force of around thirty two student volunteers and representatives from our college across disciplines who were ready to dedicate their time and efforts through 'digital coordination' in matching local availability with the needs of the people, survivors and families.

Jeevan Rakshika

Together We Can Overcome

A call for plasma donations for those in need.

The Covid-19 outbreak and subsequent quarantining of communities has caused many households to lose their livelihood and income.

5. LAUNCH OF OUR VACCINATION DRIVE & VACCINATION GUIDE:

We have also launched our vaccination guide during our previous session with Dr. Mahesh Parmar in 'Breaking The Myths: Vaccination and its Relevance' in collaboration with Dreamland Society. Our guide covers all the questions that any individual can have regarding vaccination. It is important that, prior to any vaccine, women about vaccination centers, procedures etc. Even the website of Ministry of Health and Family Welfare are have compiled several questions and answers regarding vaccination. We are glad that we have also compiled information regarding vaccination centres nearby our college in Kirti Sub division and its service of information is still offer in Kirti. This guide will be significant in dissemination of

IS AT-HOME SPECIMEN COLLECTION AND TESTING AVAILABLE FOR COVID-19? YES

- Self-tests are performed by an individual at home or anywhere.
- All instructions for performing the test must be followed.
- If an individual tests positive, they should isolate and inform any close contacts.

If you need to be tested for COVID-19 and can't get tested by a healthcare provider, you can consider using either a self-collection kit or a self-test that can be performed at home or anywhere else. Self-tests a self-test is also called a "finger test" or an "at-home test."
