**ABOUT**

National Service Scheme, Aditi Mahavidyalaya, University of Delhi organised "Green-o tech paper recycling initiative" on 4 July 2022 in the guidance of principal ma'am professor Mamta Sharma, program officer Dr Mali Devi sawariya, our guest Mr. Pankaj with their Green o tech team and all the NSS volunteers who participated in the event.

**ABOUT THE EVENT**

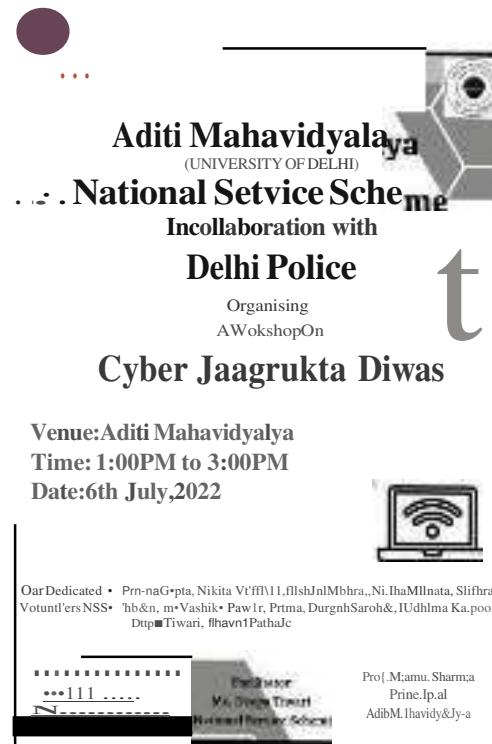

There is no such thing as 'away'. When we throw anything away it must go somewhere. Many people throw many items out every day after they use them into their garbage bin without stopping to ponder where all this trash goes, so it is no surprise that the earth is slowly turning into a huge trash can. Landfill waste poses a huge problem not only economically and environmentally but also because it takes up a lot of land due to its low decomposition rate. To stop this Green-o tech team decided to collect waste and recycle it. The team collaborated with our college and we collected 750 kg of paper waste and gave it to the Green-o tech team. This initiative developed an understanding about the benefits of recycling amongst stakeholders of our college. The Green-a tech team also provided stationary in return for the waste provided by the college. Without our principal Professor Mamta Sharma ma'am and our programme officer Dr. Mali Devi Sawariya Ma'am's efforts, this event would not have been possible. They have supported us in every aspect.

Kargil Vijay Diwas is celebrated on 26 July every year in honour of the Kargil War's Heroes. It is celebrated to observe India's victory *over* Pakistan in the Kargil War for ousting Pakistani Forces from their occupied positions on the mountain tops of Northern Kargil District in Ladakh in 1999.

To honour the heroes of Kargil War, NSS team organised The Har Ghar Tiranga *movement* in which many volunteers hoisted the national flag at their home and clicked photos and made videos to support the initiative. They also sang songs and recited poetry on the occasion to deepen the connection with the national flag. The aim of the program was to make the relationship with the national flag a more personal one rather than just keeping it formal or institutional.

Mr. Sparsh Mittal talked about various methods to achieve sustainable development such as the 3-R approach which is advocating minimization of resource use, using them again and again instead of passing it on to the waste stream. He said that this approach reduces pressure on our resources as well as reduces waste generation and pollution. He focused on making environmental education the centre of all learning process. This will greatly help in changing the thinking pattern and attitude of people towards our earth and the environment. Also we as students will be able to aware backward classes of the society only when we are educated enough to tell them about the benefits of planting trees, recycling goods etc. In response to that our NSS volunteers told sir about the measures we as a team have taken to make this community a better place. We talked about all the plantation drives that took place in our college, how NSS and NCC worked together to clean our college premises, the sanitary pad distribution done near our college, awareness sessions on topics like HIV AIDS and PCOS/ PCOD and also our future goals towards educating children from rural areas. Sir appreciated our efforts and dedication and also motivated and guided us to achieve our future goals. Mamta Sharma Ma'am, Dr. Mali Devi Sawariya and Rashmi Gupta Ma'am thanked sir for coming to our college and educating students in such an interactive way.

Managing waste properly is essential for building sustainable and livable cities, but it remains a challenge for many developing countries and cities. Chintan is an environmental research and action group that strives to reduce waste and unsustainable consumption and enable better management of that waste which is generated.

National Service Scheme collaborated with Chintan to organise a training session on waste management for the waste managers of our college. Mr. Deepak educated our waste managers on how to segregate waste, what kind of safety measures should they adopt safe measures while disposing off, how to dump waste in garbage dump pits, and how to reduce waste so that it doesn't end up in a landfill. Not only this but sir also educated our college staff and students on how to be safe while making transactions online and to avoid frauds. All the waste managers were also provided with certificates given by principal mam. At the end the waste managers were provided with refreshments.

Principal Ma'am and Mali Ma'am thanked Deepak sir for giving his precious time and making contributions to the society.

Nss unit Aditi Mahavidyalaya University of Delhi, Bawana attended National Consultation Session Online for the One Day "National Consultation on Honour Crimes." On 15th October at 10:30am.

Honour crimes are acts of violence, mostly fatal, against persons who marry outside their caste or religion despite objections from the family, as noted in Report No. 242 on honour crimes by the Law Commission of India.

They discussed the draft bill on the Honor Crimes. As Honor crimes are occurring in all over India. It is Important and should be implemented with a strategy as it's necessary when her rights are violated, Law should be passed not only protecting the rights of dalits but also by marginalized people in the country.

Different speakers come from different fields and different states to discuss this important topic: honour crimes to make a Huge difference in the society.

Dr Mali Devi sawariya ( Programme Officer of NSS) was invited in the Discussion on this issues with others.

The current legal provisions dealing with honour crimes fall under the Scheduled Caste and Scheduled Tribe (Prevention of Atrocities) Act, 1989, which deals with atrocities against Dalits and Adivasis. However, such crimes are largely tried under the Indian Penal Code - specifically Sections 107-111 (abetting murder), Section 120A and 120B, Sections 299-304 (murder and culpable homicide), and Section 307-308. NSS Aditi Mahavidyalaya attended the online session through zoom platform and asked their doubts regarding the bill formed.

# "POCSO ACT"

## NATIONAL SERVICE SCHEME ADITI MAHAVIDYALAYA UNIVERSITY OF DELHI

We see and hear about child sexual abuse every day, but is there any provision in our country to stop it? Today, sexual abuse of children has become a community concern and has attracted many legislative and commercial initiatives. If we talk about the total population of India, then about 37% share is of children and the same 20% of the total population of the world is said to be of children .

Posco is the abbreviation of Protection of children from Sexual offences act,2012.

The Protection of Children from Sexual Offences Act, 2012 was enacted to provide a robust legal framework for the protection of children from offences of sexual assault, sexual harassment and pornography, while safeguarding the interest of the child at every stage of the judicial process. The framing of the Act seeks to put children first by making it easy to use by including mechanisms for child-friendly reporting, recording of evidence, investigation and speedy trial of offences through designated Special Courts.

The National Service Scheme of Aditi mahavidyalaya in collaboration with a NGO, SAKSHI organized an online webinar on POCSO ACT (i.e protection of children from sexual offenses Act ,2012) on 09-11-2022 at 6 PM on zoom platform.

On the occasion of Constitution Day National Service Scheme, Aditi Mahavidyalaya collaborated with Our Rights and Social society and organized a session on "Education and Constitutional Values: Role of Students". Poonam Ma'am from Nehru Yuva Kendra also joined the session.

The session began with a two minute silence for martyr soldiers in the 26/11 attack who sacrificed their life for our safety. After that everyone stood up for the National Anthem and Saraswati Vandana. After that students came one by one to recite the preamble in their mother tongue. Diversity was observed with the languages haryanvi, Oriya, Punjabi, Hindi etc.

Mr. Mustafa appreciated the students for their effort. Then he talked about the problems related to education like lack of resources, unemployed parents etc. He also said that education is as important as "Roti, kapda, makaan". If one want to develop the country, one has to walk with everyone and have faith in one's self-confidence and also in one's struggles. And taking this belief forward, Aditi Mahavidyalaya and its NSS team are supporting them together. Giving free education to the poor children there. He is supporting them as much as possible. If not today then tomorrow every difficulty will go away slowly and every destination will become easy. Program officer Dr Mali Devi Sawariya appreciated Mr Mustafa's efforts and assured him that NSS Aditi Mahavidyalaya is with him.

### "JEANS PLANTERS"

Reusing is the act of taking old items that you might consider throwing away and finding a new use for them. Items can be used in the most creative way and a really pretty outcome can be seen when someone tries to do something for our environment.

### "JEANS PLANTERS"

National Service Scheme volunteers of Aditi Mahavidyalaya focused on the act of reusing and organized a plantation drive using waste materials. In the drive students decorated plant buckets with clothing items like jeans, plaza, old saree, pants etc. The material that was required for the drive was wires, threads, simple pot, waste buckets, waist belt, jeans, old saree and rubber bands. Students planted saplings in a container(bucket), filled it with soil, gave the clothing item a bucket shape and covered the buckets with the clothing item (jeans). Volunteers filled around 13 jeans which were placed in the college. By doing this activity students made a smarter and greener choice towards a healthy planet. The drive was a successful initiative and it also enhanced student's creativity.

Tata Institute of Social Sciences (TISS) is the lead implementation partner of Project Saksham Pramaan, which identifies areas of programmatic evaluation of Targeted Interventions (TI) and Link Worker Schemes (LWS). To implement this program, TISS has partnered with five educational institutions in the north, central, east, south and west regions for the period of 2021 to 2024. The project is supported by the Global Fund for AIDS, TB and Malaria.

Aditi Mahavidyalaya has been selected for the northern zone covering the states and union territories of Delhi, Punjab, Haryana, Himachal Pradesh, Uttarakhand, Uttar Pradesh and union territories of Chandigarh, Jammu Kashmir & Ladakh for the Project Saksham led by Tata Institute of Social Sciences (TISS) and guided by National AIDS Control Organization (NACO).

The objective of this coordination is to support the National AIDS Control Program (NACP) in the evaluation of TI and LWS. The project strives to empanel the evaluators and build their capacities for conducting evaluations and working closely with the SACS in preparing the evaluation calendar. Project Saksham Pramaan at Aditi Mahavidyalaya has successfully completed seven batches of training of 127 empanelled evaluators in 2022 and conducted evaluations with the help of State AIDS Control Societies in northern region states and union territories.

## Saksham Pravaah

Saksham, which means "becoming capable" is an initiative of the Tata Institute of Social Sciences that has been supported by the Global Fund since 2008 to help the Ministry of Health and Family Welfare (MoHFW) to combat Tuberculosis. The nation's psychosocial support programme for Tuberculosis (TB) has been created by Saksham. It is the only Global Fund initiative worldwide overseen by a prominent national academic institution. The Program is funded by the GFATM (Global Fund for AIDS, Tuberculosis and Malaria)

With regard to the social determinants of tuberculosis, such as stigma, poverty, malnutrition, and lack of awareness, Saksham Pravaah has demonstrated the necessity of moving beyond the "bio-medical, disease control" approach. By addressing gender disparity and including psychosocial TB counselling in the government's tuberculosis control programme, the National TB End Strategy will move forward by 2025. The initiative was first introduced and implemented in the district TB Centres of four states—Maharashtra, Gujarat, Karnataka, and Rajasthan.

The National TB Elimination Programme (NTEP) where the counsellors of Saksham Pravaah collaborate to ensure patient adherence to treatment and less fallout.

TB is a disease of poverty and financial constraints which can make treatment adherence challenging. One of the major goals of the Saksham Pravaah is to connect counsellor's to patient's to the services available from Government of India. Social Protection Schemes which in order to reduce the catastrophic burden of tuberculosis and increase treatment adherence and completion of the medicine course play's a very pivotal component. Saksham has now spread national wings and it has become a country driven motive towards the elimination of the dreadful disease.

**Objective-** Saksham Pravaah is a project where a pool of Master Trainer's will undertake cascade training for frontline NTEP (National TB Elimination Programme) staff on counselling soft skills through the STDC'S of the respective States on how to deal with the psycho social aspects of Tuberculosis.

### Role of Aditi Mahavidyalaya-

In Saksham Pravaah Project (2021-2024), Aditi Mahavidyalaya University of Delhi in the North Region of the country is working in collaboration with CTD( Central Tuberculosis Division ) Ministry of Health and Family Welfare ,TISS (Tata Institute of Social Sciences) and STDC ( State TB Training and Determination Centre) in 8 States/UTs in the North India

- 1) Analysis of the pilot study (conducted on approximately 450 students of social work and teacher education at under graduate, post graduate and research level) helped to design the capacity building workshop for students. Pretest helped to assess their existing understanding about the NEP2020 imperatives about social work engagement in schools and after the workshop post test was conducted to assess whether the participants were able to enhance their knowledge and understanding about the issue of dropout and absenteeism in school. These interactive workshops conducted with teacher education students and social work students separately to understand the perspective and needs of them due to exclusive nature of these courses. Further based on this data, an interface in the form of school seminar on Understanding school dropout and absenteeism was organized so that both the groups present their views on the various critical factors affecting the school regularity and sustenance. Major achievement was to bring professionals to a common platform and to discuss and reflect upon the critical aspects of the issue to work together in coordination to bring the children back in mainstream schooling who have been pushed/pulled out.
- 2) Another major achievement is building a discourse on quality schooling through their socio personal experiences and field-based data. Which helped them to critically reflect upon the multiple perspectives emerged out from the discourse and also to understand their role and responsibility.
- 3) The next major achievement is to take views of faculty of social work and teacher education about the feasibility (whether the curriculum focusses upon this aspect of NEP2020 in this regard) and gaps.
- 4) Another critical achievement is the account of hand on experiences of the school teachers, principals and community workers who have worked to reduce the school drop out and absenteeism pre/during/and post pandemic.

### 14. Summary of Progress (Not more than 100 words):

This study was an attempt to understand the critical factors causing to school dropouts and absenteeism and how does the engagement of social workers can help to ensure quality in school and reduction in dropouts and absenteeism. Alongside it attempted to discuss NEP2020 vision and policy imperatives in this regard and its feasibility in the field. Data was collected through various qualitative online/offline methods. Pilot study analysis helped to structure the capacity building workshops with the participants. And pre / post test during the workshop helped to assess their knowledge and understanding of policy vision. Faculty of both the courses provided the insight to understand demand of the curriculum restructuring to make the school social work aspect clearer and more critical. Talk and interview with the school teachers, principals and community workers provided the first-hand information about the nature and number of drop out and absenteeism and how pandemic situations, lock down and digitization of education affected the negative withdrawal and worked as push/pull factor. Finally, School Seminar with the students of Teacher education programme and social work brought some concrete and debatable arguments and also the possibilities to work together to bring the child back in to mainstream education.

### 15. New Findings:

- 1) Varied population (difficult target group) was covered such as the children of commercial sex workers, transgender children, children from rural area, urban poor, children of single parents etc.
- 2) Work needs to be done at multiple levels, with the schools, with parents, community and with teacher as well. Teachers' behaviour and attitude also play a crucial role in this regard.
- 3) Case studies of initiatives taken by various organizations were discussed at length to come out with feasible plan of action.
- 4) We need to build an understanding of cognitive absenteeism.
- 5) Role of social/cultural capital in classroom and the way it marginalize those who don't possess it.
- 6) Research establishing interlinkages between poverty, school dropout and criminal behaviour are disturbing and need to be addressed with the help of child support agencies.

- 7) A case of a school in Ghana, Africa was discussed where the teacher shared how he is using creative teaching / pedagogical tools such as theatre, music, dance and visual art to make classroom interactions more interesting for children. Connecting the academic life with real life would help children to sustain in the system.
- 8) Disruption in education due to mini migration generally is not recorded and discussed in policy/programme.
- 9) Data revealed that some of the girls from religious minority shared that pandemic proved as a boon for them. Due to school from home, they were able to continue their education for secondary and some got enrolled in higher education. Their parents allowed to study further.
- 10) The students are very enthusiastic to participate in the ongoing policy discourse on National Education Policy 2020. The IoE- FRP opened the opportunity of dialogue and a school seminar was organized which hosted diverse views/research papers.

16. Innovations/Outcomes: The outcomes of brainstorming with student have given a direction to researchers to propose possible models of social work engagement in school complex to reduce the absenteeism and drop out and ensure quality schooling.

17. Patent(s), if any:

1. Created IEC material comprising case studies and social work school models of various countries along with the drop out and absenteeism data of Indian states. The report of UNICEF has been incorporated in the document. Participants of both the courses (Social Work and Education) found it relevant to understand policy imperative and their engagement with school system. (IEC material attached with the report)

<b>Title of the Research Project</b>	: Inter-state variations in Financial Inclusion: The Indian Evidence
<b>Year</b>	: 2015-18
<b>Funding Agency</b>	: University Grants Commission
<b>Principal Investigator</b>	: Dr. Bhawna Rajput
<b>Period of Project</b>	: 3 years
<b>Total Grants Sanctioned</b>	: Rs.10,08,400/-

Financial inclusion enhances access of financial services and provides a positive impact on people's lives particularly poor people. Financial inclusion is an important aspect of inclusive and sustained economic growth. The improved and easy access of formal financial system helps to unlock the economic potential of the population. This study attempts to examine the status of financial inclusion and the impact of economic growth and other macro-economic variables on financial inclusion of India using annual time series data of 37 years and covers the period from 1980 to 2016. The study uses Vector Autoregressive (VAR) method consisting Johansen and Juselius multivariate approach of co integration, Vector Error Correction Model (VECM) in combination with innovation of accounting (Impulse Response Function (IRF), and Variance Decomposition (VDC)) to provide empirical evidence on short-term and long-term dynamic relationship between financial inclusion and economic growth. Further, the causal relationship between financial inclusion and economic growth in India for the sample period has been analyzed using Granger causality through co-integrated Vector Autoregression methods. The analysis was carried out using multidimensional financial inclusion index based on factors such as access to financial services, penetration of the financial services and the utilization of the services. The results of trace statistics of Johansen co-integrating equation indicate the existence of positive long-run equilibrium relationship between economic growth and measure of financial inclusion, inflation, and trade openness. The IRF and VDC analysis shows that financial inclusion has a significant positive impact on economic growth in the long-run meaning that inclusive financial system leads to higher economic growth. VECM Granger causality results indicate that financial inclusion causes economic growth in India. The causality runs from financial inclusion to economic growth, i.e., the supply leading hypothesis is predominant in India. Financial inclusion and institutional financial reforms should be enhanced in order to promote economic growth process in India.

The study contributed to a growing literature examining household finance and, especially, the borrowing and saving decisions of poor households. The study provided the latest estimates of the poor are excluded from formal financial systems in India region-wise, state-wise, district-wise and for the country as a whole and the socio-economic factor for the state-level variations. The study provided the benchmark for measuring the level of financial inclusion and explores state-level variation in financial inclusion. The user-side and supply-side data set of indicators that measure degree of financial inclusion is provided in the study. The study also analyzed the barriers to financial inclusion and documented the relationship between subjective and objective barriers to access. An attempt has also been made to provide the examples of public and private sector led initiatives in this realm with specific reference to the e-financial inclusion initiatives.

## हिन्दी रंगमंच के विकास में महिलाओं का योगदान

(विश्वविद्यालय अनुदान आयोग की बृहद शोध परियोजना)

(vide UGC letter No./ FD Diary No. 3756, Dated 18/09/2015,

F. No. -5-170/2014 (HRP)

Date of Completion 31/7/2018

Principal Investigator: Dr. Asha

प्रस्तुत परियोजना-कार्य में हिन्दी रंगमंच में योगदान देने वाली महिलाओं के कार्य को रेखांकित करने का प्रयास रहा। शोध-कार्य के दौरान सामने आया कि तमाम आधुनिक नारों के बावजूद भारतीय समाज, विशेषतः हिन्दी पट्टी की संकुचित मानसिकता और जटिल परिस्थितियाँ स्त्रियों को रंगकर्म करने से रोकती है, परिवार और समाज का सहयोग न मिलने से स्थिति और अधिक विकट हो जाती है, जिससे महिलाओं की रंग-प्रतिभा दब जाती है। इन सब समस्याओं के बावजूद पिछले कुछेक दशकों में उत्साही महिलाओं रंगकर्म में सक्रियता बढ़ी है। परियोजना-कार्य से यह तथ्य भी उभरकर सामने आया कि हिन्दी रंगमंच में सक्रिय महिला रंगकर्मियों की संख्या की दृष्टि से पहला स्थान दिल्ली का है। जिसका मुख्य कारण यहाँ राष्ट्रीय नाट्य विद्यालय का होना है। रानावि से स्नातक कर लेने के बाद बहुत सारी महिला रंगकर्मी दिल्ली में ही रंग-गतिविधियों में सक्रिय हो जाती हैं। कुछ अपने-अपने प्रदेशों में जाकर भी काम करती हैं। कोलकाता, मुम्बई, भोपाल जैसे शहरों में सक्रिय महिला निर्देशकों और अभिनेत्रियों की संख्या उत्साहजनक है। महिला रंगकर्मियों विशेषतः अभिनेत्रियों से बातचीत के दौरान यह बात भी उभरकर सामने आयी कि वे अवसर मिलने पर रंगमंच के साथ सिनेमा और टेलीविजन की दुनिया में अभिनय करने से गुरेज़ नहीं करतीं। संख्या की दृष्टि से नाट्य-लेखन की अपेक्षा निर्देशन और अभिनय के क्षेत्र में महिलाएँ अधिक सक्रिय हैं। परिधान-प्रकाश-ध्वनि-सेट-परिकल्पना में महिला रंगकर्मी उल्लेखनीय कार्य कर रही हैं। इस प्रकार प्रस्तुत परियोजना-कार्य में हिन्दी रंगमंच में सक्रिय महिला रंगकर्मियों के अवदान को एक स्थान पर एकत्रित करने का प्रयास किया गया।
