Once Akbar wished to award Birbal for his intelligence and wits. Birbal humbly asked for one grain of rice on the first square of the chessboard and double it for every other square for the entire chessboard. Being surprised by this simple request, the king granted his wish without any hesitation. Till they approached the 20th square, the king had to give Birbal 524,288. In the end, Akbar admitted his defeat and instead gave away his most favourite palace to Birbal.

Tally Prime Workshop Report

Date: 23rd November 2024

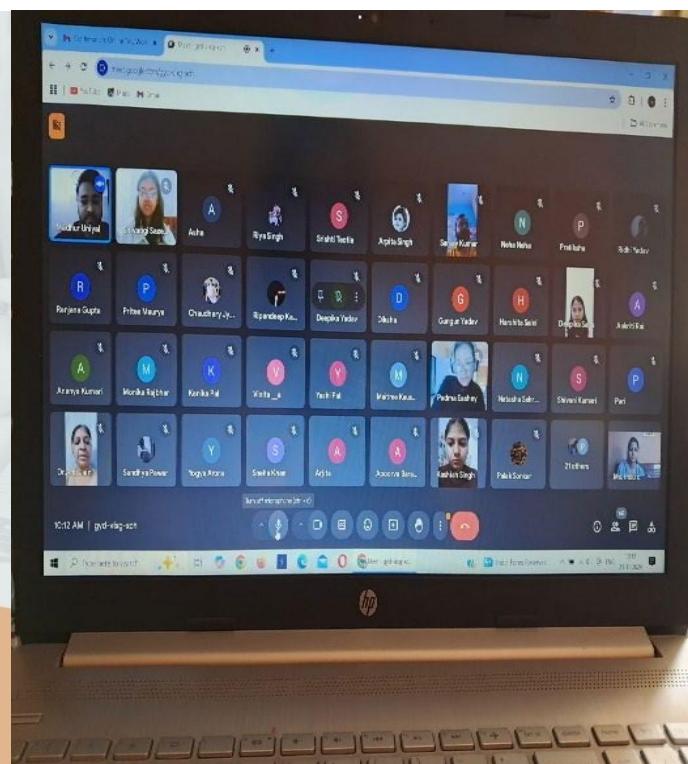

Location: Google Team

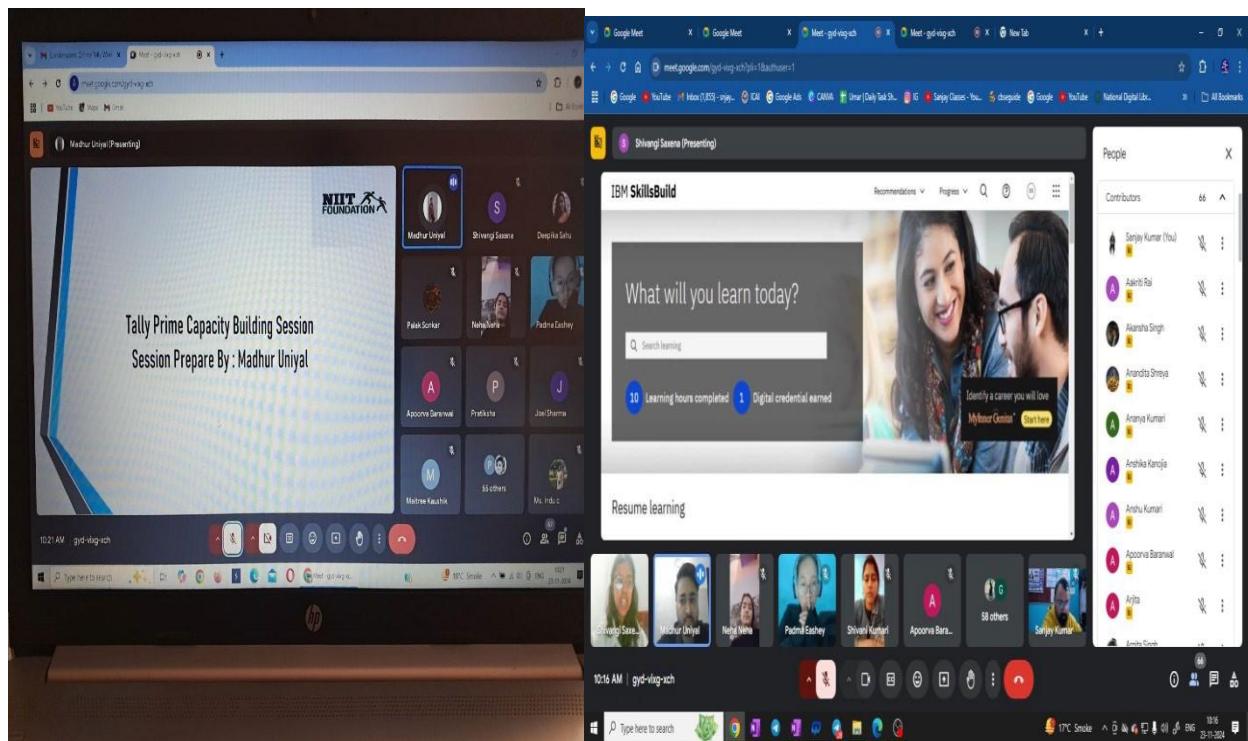

Organized by: Commerce Department in association with NIIT Foundation

The Tally Prime workshop aimed to integrate technology in education, enhancing students' accounting and financial management skills. The workshop provided a practical understanding of Tally Prime, a popular accounting program essential for graduation courses and professional development. The workshop began with an introduction to Tally Prime by student volunteers, Deepika followed by a motivational address by Prof Mamta Sharma (Principal) and Prof. Anu Jain (TIC Commerce department). Mr. Madhur Uniyal, the resource person, guided students through real-time exercises, including:

- Creating ledgers
- Managing inventory
- Generating GST-compliant invoices
- Preparing financial statements

The interactive format encouraged active engagement and hands-on learning. A total of 78 participants attended the workshop. A question-and-answer session allowed students to clarify doubts about Tally Prime, and a break ensured participants remained engaged. This workshop bridged the gap between theory and practice, preparing students for success in the modern workplace. The workshop concluded with a vote of thanks.

“Wealth Creation Through Equity”

Committee for promotion of Financial Literacy, University of Delhi in Collaboration with Aditi Mahavidyalaya, Department of Commerce & Extensive Lecture Series Committee successfully organized a thought-provoking and informative workshop on “*Wealth Creation Through Equity*” on 09th April 2025. The event was graced by the esteemed Prof. R. P. Tulsian, a renowned academician in the field of finance and equity currently serving as chairman of Committee for Promotion of Financial Literacy, University of Delhi.

This was not only to celebrate the spirit of nation-building but also reflecting on the future we aspire to shape — a future defined by progress, inclusivity, innovation, and shared prosperity. Viksit Bharat — or Developed India — is not merely a slogan; it is a powerful call to action.

The idea of wealth creation through equity is central to this vision. It urges us to build systems where access to opportunities, resources, and capital is not limited to a few, but distributed fairly. It inspires us to create an India where innovation is supported, entrepreneurship is encouraged, and prosperity is shared.

Educators and learners have a critical role to play in this mission. The foundation of a Viksit Bharat lies in our classrooms, our research, and our commitment to fostering the values of responsibility, equity, and nation-first thinking.

Around 154 students participated in the event.
